

Checklist- Lab 5

Ear

Pinna (auricle)

External acoustic meatus

Tympanic membrane

Parts of tympanic membrane (pars flaccida, pars tensa, umbo)

Stapedius

Malleus

Incus

Eustachian tube

Tensor tympani

Stapes

Oval window

Round window

Secondary tympanic membrane

Semicircular canals

Semicircular ducts

Ampulla of Semicircular duct

Vestibule

Utricule

Saccule

Cochlea

Scala vestibuli

Scala media (Cochlear duct)

Scala tympani

Vestibulocochlear nerve

Muscles of mastication

Temporalis

Masseter

Lateral pterygoid

Medial pterygoid

Infratemporal fossa

Mandibular nerve
Buccal nerve
Lingual nerve
Inferior alveolar nerve
Nerve to mylohyoid
Auriculotemporal nerve
Chorda tympani

Neck

Sternocleidomastoid
Trapezius
Scalene muscles
Suprahyoid muscles (mylohyoid, digastrics, stylohyoid, geniohyoid)
Infrahyoid muscles (sternohyoid, sternothyroid, omohyoid, thyrohyoid)
External carotid artery
Internal carotid artery
Common carotid artery
Internal jugular vein
Vagus nerve
Accessory nerve
Thyroid gland
Esophagus
Trachea
Posterior triangle
Submental triangle
Submandibular triangle
Carotid triangle
Muscular triangle
Cutaneous branches of cervical plexus: great auricular, lesser occipital, transverse cervical and supraclavicular nerves
